Moccasin Point Alternate Boat Launch Reopens at Don Pedro

La Grange, CA –The water level at Don Pedro Lake is now sufficient for the Don Pedro Recreation Agency to reopen the unimproved low water boat launch facility at its Moccasin Point Recreation Area. The low water unimproved ramp's grade is too shallow for launching deep hulled boats, but it is usable for launching shallow draft boats. The unimproved low water launch ramp can be accessed by driving from the Moccasin Point Recreation Area entrance station to the regular boat launch ramp, and then taking the roadway to the left at the base of the regular launch ramp.

The boat launch ramp at Fleming Meadows Recreation Area continues to be available for all types of boat launching.

From watersports including boating, waterskiing and wakeboarding, fishing and swimming to camping and hiking, Don Pedro offers a full slate of outdoor activities for families. Visit www.donpedrolake.com for current reservoir conditions.
