

Now you can pay your TID electric Bill without writing another check

There is an easier way to pay your TID electric bill other than by writing a check every month. Just fill out the form to the right to sign up for TID's Automated Bill Pay (ABP). ABP lets you authorize TID to deduct funds from your account (bank or credit union) to pay your TID bill directly each month. The name on the TID account must also be on the account of the financial institution from which the funds will be withdrawn. If the TID account holder's name is not on the account where the funds will be withdrawn then a signature from both parties must be provided.

ABP BENEFITS

- **Convenient** – ABP replaces writing checks and mailing your recurring payments.
- **A Money Saver** – ABP eliminates postage and check costs.
- **Reliable** – With ABP your TID bill is always paid on time, even if you accidentally forget or are away on vacation or ill.
- **Safe** – ABP prevents payments from being lost or stolen in the mail.

If you like the idea of fewer checks, stamps and trips to the post office, ABP is for you

You will continue to receive a monthly statement and your ABP payment for your TID bill will be deducted **2 business days prior to the due date.**

If you have a question about your bill, you can call the TID Customer Service Department at (209) 883-8222.

ENROLLING IS EASY

1. Fill out the application
2. Attach a blank check which must have the bank account holders name and address printed on the check.
3. Be sure to write "**VOID**" across the face of the check. **Deposit slips are not accepted.**
4. Include the application and voided check with your next TID payment, or drop your complete application by the TID administrative office at 333 E. Canal Dr, Turlock.

Continue paying your TID bills until you receive a billing statement with the notice, "**Do Not Pay**" printed on the bill. It usually takes six to eight weeks to process an application.

Millions of consumers throughout the United States are already enjoying the benefits of an automated bill payment program. As a record that your payment was made, your bank statement will confirm the exact amount of the transaction.
