

Schedule CT
Commercial Service – Time-Of-Use
Under 35 kW
Effective January 1, 2015

Applicability

This optional schedule applies to general power use with a demand of less than 35 kW for the following: (1) commercial and industrial customers for general power use and (2) other services where other Rate Schedules (other than those relating to customer generation) do not apply. This schedule is applicable on an annual basis only.

Character of Service

Alternating current; frequency of approximately 60 cycles; single- or three-phase; delivery will be made at such nominal voltage as customer selects from among those the District designates are available at the customer's premises.

Rates

The rates consist of the following Customer and Energy Charges:

	Per Meter Per Month
Customer Charge	\$ 35.00
Energy Charge:	
Winter Billing Months:	
On-Peak Period, per kWh	\$ 0.1333
Off-Peak Period, per kWh	\$ 0.0848
Summer Billing Months:	
On-Peak Period, per kWh	\$ 0.1599
Off-Peak Period, per kWh	\$ 0.0976

Periods

On-Peak - 12 noon to 9 p.m. Monday through Friday only.
Off-Peak - All other hours and holidays.

Holidays

New Year's Day – January 1	Labor Day – first Monday in September
Washington's Birthday – third Monday in February	Veteran's Day – November 11
Memorial Day – last Monday in May	Thanksgiving Day – fourth Thursday in November
Independence Day – July 4	Christmas Day – December 25

Minimum Charge

The minimum charge for each monthly billing period or portion thereof shall be the Customer Charge.

Existing Customer Demand Determination

Whenever the billing period energy has exceeded 10,000 kWh a demand meter will be installed for a minimum of one year. Whenever demand equals or exceeds 35 kW for three (3) consecutive months the customer will be placed on an appropriate industrial Rate Schedule.

New Customer - Based on customer provided data and the opinion of the District, the customer will be placed on an appropriate commercial or industrial Rate Schedule.

Special Conditions

1. Customer accounts billed under this schedule are subject to additional charges as stated in the Conditions and Surcharges.
2. For customers changing schedules between billing dates (except for time-of-use), the schedule in effect at the time of the end of the normal billing period will be used to compute the bill. For billings where a customer is changing from or to a time-of-use schedule, the first bill on the new rate schedule will be based on the meter readings taken on the opening meter reading date and the next regular meter reading date.
3. Any customer who reapplies for service within 12 months of canceling that same service must pay, before the new service will be provided, any Customer Charges, Demand Charges or Connected Load Charges (as applicable) that would have otherwise been payable between the cancellation date and the new service date.
4. Winter billing months shall be the December through May bills. Summer billing months shall be the June through November bills.
5. For beginning bills where the billing period is less than 10 days, the Customer Charge will be waived and the Energy Charge included in the next billing period.
6. The availability of metering equipment may dictate the time required to begin service under Rate Schedule CT.

Revised Date: January 1, 2015
