

Schedule LO Lighting – Outdoor Area Effective January 1, 2015

Applicability

This schedule is applicable to outdoor area lighting service for the illumination of areas where the District furnishes, installs, owns, operates and maintains the complete lighting installation.

Character of Service

Alternating current; frequency of approximately 60 cycles; 120 volt; single-phase. Lamps, luminaries and bracket will be as specified by the District. Lamps will be controlled to operate from dusk to dawn each night so as to give approximately 4,100 hours of lighting service annually.

Rates

Lamp Size and Type	Per Lamp Per Month	KWH
175 watt mercury vapor lamp	\$ 14.98	70
400 watt mercury vapor lamp	\$ 25.49	155
100 watt sodium vapor lamp	\$ 11.83	50
200 watt sodium vapor lamp	\$ 18.11	83

Minimum Charge

The minimum charge for each monthly billing period will be the rate as shown above. The minimum charge for opening or closing accounts will be prorated on the basis of the relationship between the length of the billing period and 30 days, but shall not be less than \$3.00 per bill for the billing period.

Special Conditions

1. Customer Accounts billed under this schedule are subject to additional charges as stated in the Conditions and Surcharges.
2. Where service is supplied through new electric facilities provided by the District, the electric service supplied shall be in accordance with a contract authorized by the District's Board of Directors. Such contract shall be required for a period of 36 months. The contract shall provide, among other things, that if the customer cancels service prior to the expiration of the contract period, the customer shall pay upon such cancellation the total charges for the remaining months in the contract.
3. For beginning bills where the billing period is less than 10 days, the mailing of the bill will be waived and the prorated Minimum Charge will be included in the next billing period.
4. Mercury vapor lamp service is closed to new installations.
5. Lamp sizes not indicated shall be charged the next higher lamp size rate or a rate based on straight-line extrapolation of the lamp sizes listed where there is no higher lamp size.
6. Upon receipt of notice from a customer of the failure of a lamp to operate as scheduled, the District will, within a reasonable period of time, make the necessary repairs during normal working hours. No credit will be given for non-burning lamp time resulting from the failure of a fixture if repaired in a reasonable period of time after notification is provided to the District.
7. The District will, at the customer's request, relocate existing lighting equipment, provided the customer reimburses the District for all expenses incurred if less than 36 months of service has been provided since installation or the last relocation of lighting equipment.
8. Lighting equipment will be furnished on an existing District-owned wood pole.
9. When a suitable wood pole is not available, the District will supply a 30-foot wood pole.

Revised Date: January 1, 2015
