**This application requires the submittal of a copy of the proof of purchase of the forklifts. Applications received without the required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.**
The Turlock Irrigation District (TID) Electric Forklift Rebate Program (Program) is intended to encourage the purchase and use of qualifying all-electric forklifts within the boundaries of TID.

Rebates are provided up to the limit of the rebate or the total cost of purchase, whichever is less.

The Program may be modified, amended or terminated without prior notice, at the sole discretion of TID.

Completed applications are accepted on a first-come, first-served basis and are processed in the order received until the funds are exhausted or the Program is terminated. The acceptance of an application by TID is not a guarantee of rebate funds.

The applicant must be an active customer of record (Customer) of TID, and must remain so throughout the entire rebate process.

The qualified electric forklift must:
- a. Be a new all-electric Class 1 or Class 2 forklift;
- b. Purchased, or leased 3+ years.

Rebates cannot be assigned or transferred.

Completed applications must be received by TID no later than six (6) months from the purchase or lease date of the electric forklift in order to be eligible for the program. Applications that are not complete, without a signature, or without all required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

A maximum of ten (10) Program rebates are allowed per commercial location.

TID is not responsible for any items delayed or lost in the mail.

TID disclaims any and all liability for loss or damage which may arise as a result of the customer’s participation in this rebate program.

Mail application to:
Turlock Irrigation District
