COMMERCIAL REBATE GUIDELINES

QUALIFICATIONS:

- Qualifying equipment must be installed and/or operating in facilities served by TID.
- All proposed rebates must be pre-approved by TID prior to purchase and installation of any qualifying equipment.
- A determination will be made at pre-approval regarding the necessity of pre-inspection.
- The rebate offer expires 6 months after the pre-approval, meaning that equipment must be purchased and installed within 6 months of pre-approval.
- Energy efficiency levels of retrofit projects or new construction projects must exceed city code or development requirements as well as all federal and state government-mandated efficiency standards.
- Replacement equipment must operate for a minimum of 5 years.
- Fuel-switching and co-generation projects are ineligible.
- Equipment purchased for inventory or resale does not qualify.
- Applications must be completed and submitted prior to scheduling of a post-inspection.
- Detailed and dated copies of all invoices must be submitted along with pertinent equipment data and cut sheets before issuance of rebate.
- TID will have the right to inspect the facility before and after the equipment is installed.
- Approval of rebate is at the sole discretion of TID.
- Additional requirements may apply to specific types of equipment. Read the information on the specific rebates for the equipment in which you are interested.

TO APPLY:

- Complete and submit the TID Commercial Rebate Agreement along with any other forms or paperwork the specific rebate program you are participating in requires.
- All required documents can be submitted at any TID office or mailed to:
  TID (Attn: Consumer Programs)
  P.O. Box 949
  Turlock, CA 95381
- TID will then contact you to schedule a pre-inspection and confirm rebate eligibility.
- You must notify TID once the project is completed and submit copies of itemized receipts that are paid in full.

PLEASE NOTE:

- Programs are subject to change or termination without prior notice. Please visit www.tid.org or call (209) 883-8432 to verify your efficiency measure qualifies for a rebate BEFORE purchase or installation.
- Keep a copy of all documents submitted; documents will not be returned.
- The rebate recipient will be responsible for any tax liability resulting from the rebate payment.
- Please allow 4 to 6 weeks for your application to be processed.
- Discrepancies can invalidate the rebate application.
- TID is not responsible for any items delayed or lost in the mail.
- TID does not endorse any manufacturer, product or system design.
- TID disclaims any and all liability for any loss or damage which may arise as a result of the applicant’s participation in this program and makes no expressed or implied representation or warranty that the installation of the product will result in a reduction of the applicant’s electric utility bill.
