

RESOLUTION NO. 2023 - 3

RESOLUTION SETTING THE 2023 IRRIGATION SEASON FOR THE TURLOCK IRRIGATION DISTRICT

WHEREAS, the Tuolumne River Watershed has received 177% of average precipitation for this date; and

WHEREAS, Don Pedro Reservoir is projected to fill; and

WHEREAS, planned recharge in wet years, combined with strategic pumping in dry years, is a water management practice that has been successfully implemented by the Turlock Irrigation District (District) for over a century.

NOW THEREFORE, BE IT HEREBY RESOLVED by the Board of Directors of the Turlock Irrigation District that:

1. The 2023 Irrigation Season shall begin on Thursday, March 2, 2023 and end on Wednesday, November 1, 2023.
2. Irrigation water shall be available for purchase using the Normal Year Water Rate Schedule, pursuant to Resolution 2015-1, adopted January 13, 2015.
3. The amount of water available for each acre of irrigated land during the 2023 Irrigation Season shall be 48 inches per acre.
4. Additional water will be available for those parcels who need more than 48 inches of water to produce a crop. This water will be billed at the appropriate tier(s).
5. Garden head parcels shall be delivered irrigation water once every two (2) weeks. The fixed water charge shall be \$350 for each garden head parcel.
6. All irrigated parcels are required to place water orders for each lateral, sidegate, and flow combination to receive irrigation water from the District.
7. Sidegates will be required to be shut when not in use, unless other arrangements have been made.
8. The cancellation of a water order requires a minimum of 24-hour notice. Any cancellation provided less than 24 hours in advance of delivery is not a valid cancellation. Invalid cancellations will result in the accrual of water charges and the amount of water requested will be counted towards the parcel's available water. In addition, an invalid cancellation will render Irrigation Rule 6.4.2 inapplicable. Each customer will be allowed one (1) invalid cancellation within 24 hours of delivery before accruing additional charges for water.
9. In the case of Unauthorized Use of Water, the District will refer to Resolution Number 2013-63.
10. The Water Distribution Department Manager may adjust the season due to weather conditions and crop requirements. Any adjustments will be reported to the Board at its next scheduled meeting.

Moved by Director Alamo, seconded by Director Fernandes, that the foregoing resolution be adopted.

Upon roll call the following vote was had:

Ayes:	Directors Santos, Frantz, Alamo, Yonan, Macedo
Noes:	Directors - None
Absent:	Directors - None

The President declared the resolution adopted.

I, Tami Wallenburg, Executive Secretary to the Board of Directors of the TURLOCK IRRIGATION DISTRICT, do hereby CERTIFY that the foregoing is a full, true and correct copy of a resolution duly adopted at a regular meeting of said Board of Directors held the 21st day of February, 2023.

Executive Secretary to the Board of
Directors of the Turlock Irrigation District
