

Energy Assistance Program

Effective January 1, 2025

Program

An EAP discount equal to \$16 per month plus a discount of 15% of the charge for the first 800kWh's of energy usage for residential customers who qualify for the Energy Assistance Program. The qualifications of this program are set forth below.

Applicability

To residential customers receiving service under residential rates who meet the eligibility requirements.

Qualification

To qualify for the Energy Assistance Program, you must complete an eligibility application approved by the District.

Applications are provided and processed by our agent.

Eligibility

To be eligible for the Energy Assistance Program you must meet the following requirements:

- The total gross household income must conform to the Government Income Guidelines as specified on the application,
- You are not claimed as a dependent on another person's income tax return,
- The service address shown on the application is your primary residence.

Verification of Eligibility

Upon request, each applicant shall provide proof, satisfactory to the District and our agent, that they meet the eligibility requirements. Failure to provide proof as requested will be considered just cause for denial to the Energy Assistance Program. It is the customer's responsibility to immediately notify the District or our agent when eligibility requirements change to the extent that the applicant no longer qualifies for this program. Applicants served under this program will be subject to annual review and/or verification. Any intent to defraud the District will result in rebilling of the applicant's bill and removal from the Energy Assistance Program. The District reserves the right to take appropriate legal action as warranted.

Application

The Energy Assistance Program option will become effective commencing after the billing period in which the request is received and approved and will remain in effect for 1 year. Return to the appropriate rate schedule will be effective commencing after the billing period in which the request is received or the cancellation date, if this enrollment in the Energy Assistance Program is terminated.
