EV CHARGER INFORMATION

Brand

Model

Who will be using the charging station? (select all that apply)

Company vehicles

Employee vehicles

Customer vehicles

Any other electric vehicle

I certify that the information provided in this form is true and accurate to the best of my knowledge. I have read and understand the terms and conditions set forth by TID and listed on the back of this application form.

Customer Signature

Date

Customer Printed Name

This application requires the submittal of a copy of the proof of purchase and installation of charger. Applications received without the required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

COMMERCIAL EV CHARGER REBATE

TID is offering a rebate of up to \$1,000 toward the purchase of a new level 2 electric vehicle charger installed at a business location.

To apply, fill out a **Commercial EV Charger Rebate Form** and provide a copy of the following:

- Proof of purchase for a Level 2 electric vehicle charger. The cost of the charger must be shown separate from the cost of installation.

TERMS AND CONDITIONS

The Turlock Irrigation District (TID) Commercial EV Charger Rebate Program (Program) is intended to encourage the purchase and use of qualifying electric vehicles within the boundaries of TID.

Rebates are provided up to the limit of the rebate or the total cost of purchase and installation, whichever is less.

The Program may be modified, amended or terminated without prior notice, at the sole discretion of TID.

Completed applications are accepted on a first-come, first-served basis and are processed in the order received until the funds are exhausted or the Program is terminated.

The acceptance of an application by TID is not a guarantee of rebate funds.

The applicant must be an active customer of record (Customer) of TID, and must remain so throughout the entire rebate process.

The qualified EV Charger must:

- Be new (not refurbished);
- Be certified by Underwriters Laboratories Inc. (UL Listed);
- Be installed at the address in the application.
- Equipment must be hardwired installed on a wall or pedestal mounted.
- Portable chargers are excluded.

Rebates cannot be assigned or transferred.

Completed applications must be received by TID no later than six (6) months from the purchase date of the charger in order to be eligible for the program.

Applications that are not complete, without a signature, or without all required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

Limit ten (10) charger rebates per commercial account.

An inspection of the installed EV Charger conducted by a TID employee or authorized representative must be completed prior to the funding of the rebate.

TID is not responsible for any items delayed or lost in the mail.

TID disclaims any and all liability for loss or damage which may arise as a result of the customer's participation in this rebate program.
