Customer Printed Name	

Applications received without the required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

TERMS AND CONDITIONS

The Turlock Irrigation District (TID) Residential Electric Vehicle Program (Program) is intended to encourage the purchase and use of qualifying electric vehicles within the boundaries of TID.

The Program may be modified, amended or terminated without prior notice, at the sole discretion of TID.

Completed applications are accepted on a first-come, first-served basis and are processed in the order received until the funds are exhausted or the Program is terminated. The acceptance of an application by TID is not a guarantee of rebate funds.

The applicant must be an active customer of record (Customer) of TID and must remain so throughout the entire rebate process.

The qualified Electric Vehicle must:

1. Be purchased at a retail automobile sales company. Private party sales, transfers between parties, gifts, prizes, or any other method of owning a vehicle other than purchase from a retail automobile sales company do not qualify for the Program;
2. Be registered with the California Department of Motor Vehicles (DMV) at the address of the Customer within the TID electric service territory;
3. Be able to charge via plugging into an electrical outlet;
4. Be a plug-in electric vehicle at date of purchase or lease;
5. Not be a motorcycle or scooter

The Customer need not be the DMV registered owner of the qualifying electric vehicle however, the registered owner must permanently reside at the address of the Customer.

TID is offering a rebate of \$500 per vehicle on the lease/purchase of a new or used zero-emission, battery electric vehicle. Customers enrolled in the CARES program are eligible for an additional \$700 per vehicle.

To apply, fill out an Electric Vehicle Rebate Form and provide copies of the following:

- Purchase or lease agreement from a retail automobile sales company for the qualifying electric vehicle
- Current DMV registration for the qualifying EV

Rebates cannot be assigned or transferred.

Completed applications must be received by TID no later than six (6) months from the purchase date of the vehicle in order to be eligible for the program. Applications that are not complete, without a signature, or without all required documents will neither be processed nor entitle the applicant to be included in the first-come, first-served funding order of the rebate.

A maximum of two (2) Electric Vehicle rebates are allowed per residential customer account.

Rebate eligibility is determined at the time of application, based on the information received.

TID is not responsible for any items delayed or lost in the mail.

TID disclaims any and all liability for loss or damage which may arise as a result of the Customer's participation in this rebate program.

Apply online at tid.org/electricvehicles, or mail application to:
