

**WATER & POWER**  
Serving Central California since 1887

**JUNE 2025**

## PROTECT YOURSELF FROM SCAMMERS

If you receive a suspicious call, text, email or someone shows up at your home or business claiming they represent TID, call TID's Customer Service line at 209-883-8222 to confirm the person's identity or report the potential fraudulent activity.

## Investing In TID

TID, your community-owned utility, has worked hard to maintain and invest in our own infrastructure, to seek out innovative and cost-effective practices that will support our future needs, and meet approaching mandates, all while being good stewards of public funds.

### *Investing In Infrastructure*

TID invests in maintaining, updating, and developing new infrastructure. As TID continues to see growth in our service territory we must preserve our existing facilities and develop new infrastructure to meet current demand and prepare for the future.

### *Investing In Reliability*

TID customers benefit from the District owning and operating an integrated electric generation, transmission, and distribution system that keeps electricity flowing to 240,000 people. Improvements that fortify our existing infrastructure are required to preserve the integrity of our system and maintain our strong record of reliability.

### *Investing In Clean Energy*

TID will seek out the most cost effective and efficient options to meet the state's aggressive energy goals of providing 100% carbon free energy by 2045. TID will keep customers informed on the different pathways available to reach these goals, all while putting our customers' interests first.

### *Investing In Safety*

Safety is one of TID's core values. As we work to deliver water and power to customers, TID employs the best practices and invests in up-to-date equipment to ensure the safety of our employees, our infrastructure, and our community.

TID is proud to be your reliable energy partner. Visit [TID.org/InvestingIn](https://www.tid.org/InvestingIn) to read about TID's Current Projects.

## SWIM FOR FREE WITH TID

As part of our water safety education efforts, TID will host its annual Swim for Free with TID at local community pools throughout the summer!

We've partnered with local pools so your family can have a safe, supervised place to beat the heat this summer. TID will sponsor the entry fee of swimmers of all ages, at participating pools during specific "Swim for Free" dates and times.

Scan the QR code to see participating pools and schedules.

Entrance is granted or denied by the individual pool. Check with each facility for details.

### SWIM FREE THIS SUMMER AT A LOCAL POOL!

Empire .....	July 9
Modesto .....	July 18
Hilmar .....	TBD
Ceres .....	July 19
Turlock .....	June 12
Pitman .....	July 14
Columbia Park .....	July 16
Patterson .....	July 25

Visit [TID.org/swimsafe](https://TID.org/swimsafe) for pool hours and the most current information.

## TID IN THE COMMUNITY

As a publicly-owned utility, TID actively seeks out opportunities to connect with our customers in the community. With a service territory spanning 662 square miles, we have a lot of ground to cover and we do so by supporting community events and hosting TID programs, like the TID Customer Academy, presenting at career fairs, and sharing our Mobile Education Center at local schools.

TID volunteers at Love Patterson's Clear Views – Kind Hearts project.

TID's Mobile Education Center provides a hands-on learning opportunity at local schools and community events.

TID's Customer Academy Class of 2025 learned about their community-owned utility over five sessions.

## IT'S COOL TO SAVE

AIR CONDITIONER • POOL PUMP • HEAT PUMP  
DUCTLESS MINI SPLIT • WHOLE HOUSE FAN  
ROOM AIR CONDITIONER • SUNSCREENS
