Celebration of Water and Power Event

TID will host its fifth annual Celebration of Water & Power event on October 7 from 3:30-6:30 p.m. at the Canal Campus in Turlock.

TID customers are invited to stop by this family friendly event and learn about your community-owned utility. The event will include TID equipment and interactive booths, live music, giveaways, and food trucks for food purchases.

Come out and help us celebrate the community-owned public power and irrigation water that is the foundation of our thriving community.

ALL TID CUSTOMERS ARE INVITED!

Event: TID Celebration of Water and Power

Date: Wednesday, October 7, 2026

Time: 3:30 – 6:30 p.m.

Location: 333 E. Canal Drive, Turlock
Irrigation District

No pets permitted at event.

INVESTING IN OUR FUTURE - TID'S TECHNICAL SKILLS SERIES

TID's Technical Skills Series launched in 2023 as a pilot project conceptualized by Construction & Maintenance crew members who had a desire and a passion to share their expertise with their community.

When the series launched, the six-week program covered a wide range of construction-related topics, including general construction, facility maintenance, mechanics, welding, heavy equipment operation, basic electrical, and pipeline.

Now in its third year, the program continues to offer hands-on training to individuals interested in a career in a trade field, with added participation from TID water distribution operations, line work, small hydroelectric, and combustion turbine instruction. The sessions balance a traditional classroom atmosphere with practical, hands-on experience.

The Skills Series provides an opportunity to give back to our community by transferring TID knowledge and skills and help those interested in a career in a trade field to hone skills to prepare them for the future.

Residential HVAC Tune Up

Up to \$50.00 per customer account
